STAT

MEMORANDUM FOR: Deputy Director (Plans)

ATTENTION : DD/P Training Officer

SUBJECT : Need for Uniform Policy Concerning CIA Training of Army CIC

1. Attached is a copy of a 21 April 1959 request for TSS training from the 45th MI Company, Ft. Holabird, Maryland. The original was handcarried to TSS on 29 April. On 8 July 1959 OTR received a call from Lt. Col. G. S. Woodworth of the Combat Intelligence Division, G-2, Department of the Army. The purpose of his call was to determine the status of this particular training request which had not been filled, although two other similar requests submitted about the same time had been taken care of. Col. Woodworth said that the 45th MI Company would still like to receive the training requested but that the individuals named in the original request had been transferred and the Company would like to substitute three other individuals. Col. Woodworth asked if it would be all right if a Col. Conley at Ft. Holabird were to contact OTR directly concerning this request. He was told Col. Conley was welcome to do this and that when he did, OTR would place the Colonel in direct contact with the TSS officials concerned.

2. This matter was referred to TSS on the afternoon of Col. Woodworth's 8 July call. [redacted] of TSS followed up with the TSS liaison officer with the CIC School, who had handled the original request. It seems there is some confusion between the CIC School and the 45th MI Company. TSS points out that there must be many Military Intelligence Companies stationed throughout the United States and they question the wisdom of CIA giving general instruction at the Company level. To conserve instructor manpower

and materials (in this instance, [redacted] it probably would be desirable for CIA to confine its instruction to the CIC School and let the School in turn train the subordinate components of the counterintelligence corps of the Army. 25X1

3. OTR concurs in TSS's suggested position and requests permission to convey this position to Col. Woodworth verbally. It is understood between OTR and TSS that this decision is to have no bearing on individual U. S. Army component requests for training received overseas where going procedures exist for filling such requests based on their individual merits. 25X1
